## Delegates

“Greetings from Indian College of Cardiology and Sri Jayadeva Institute Of Cardiovascular Sciences And Research”

Indian College of cardiology is known for academic activities and research in India. ICC believes in propagating the knowledge to the upcoming cardiologist from the experienced teachers from all over India.

Sri Jayadeva Institute Of Cardiovascular Sciences And Research is the biggest Cardiac Institute in Asia. SJIC is forefront in quality education in the field of cardiology for four decades with dedicated and experienced teachers.

Clinical Cardiology Update is co sponsored by Cardiology Society of Mangaluru, Father Muller Medical College and Mangalore Heart scan Foundation.

We are happy to conduct Clinical Cardiology Update 2020 from 7th Feb. to 9<sup>th</sup> Feb 2020 at Father Muller Medical College, Mangaluru, An unique programme specifically design for DM and DND Cardiology students. This course encompasses Mock exams, clinical case discussions, interactive ECG session, Hemodynamic interpretation, X- rays and emergency clinical situations and discussion on congenital heart disease.

Eminent and experienced teachers from all over India who have been examiners for DM / DNB examinations are the resource persons. Clinical Cardiology Update 2020 gives a platform for delegates and teachers to share clinical expertise and skills.

We organisers hope this update would be of immense help for delegates who are appearing for exams as well as in their future clinical care.
