Dr Rajeeve Kumar Rajput

Dear Friends,

We are delighted to inform you that the 26th Annual Conference of the Indian College of Cardiology, being held at Kochi on the 20th, 21st and 22nd of September 2019, is attracting a lot of attention. The theme of the meeting is "Prevention to Innovation". As the name suggests, there is a lot of learning opportunity in the fields of hypertension, dyslipidemia, heart failure, atrial fibrillation and diabetes. Case based scenarios, covering newer drugs and practice patterns of 2019, will be widely discussed. A galaxy of top national and international speakers will address the gathering and share their experiences, which would indeed be a unique learning opportunity.

Discussions on the latest forms of treatment in interventional therapy, like percutaneous Mitral valve intervention, would be a key feature. Apart from TAVI and other structural interventions, complex coronary angioplasty technique in the areas of CTO, bifurcation, left main stenting and the application of imaging would be widely addressed.

This year, young cardiologists have an opportunity to showcase their talent. The 'Meet the Mentors' programme also deserves special mention.

A unique PG training programme designed and managed by leading national faculty is part of the scientific programme. Daily sessions to present original abstracts, interventional cases, echo imaging is another attraction. Cash prize is awarded for best paper to post graduates in every session.

Last but not the least, it is a great networking opportunity. Come and enjoy our hospitality with your friends and colleagues.

Dr N N Khanna
President

Dr T R Raghu
President
Elect

Prof K Venugopal
Organising
Chairman

Dr P B Jayagopal
Organising
Secretary

INTERNATIONAL FACULTY - AREA OF EXPERTISE

Dr Charanjit Rihal -- Mitral intervention

Dr Y S Chandrashekhar -- Imaging

Dr Jaffer A Farouq -- CTO (Coronary Intervention)

Dr Allan Klein -- ECHO

Dr Borge Nordestgaard -- Lipids

Dr Franz Messerli -- Hypertension

General Cardiology

- Hypertension - Tight control, Newer drugs
- Dyslipidemia - Current status in 2019 and newer drugs
- HF - Use of biomarkers, medications and newer treatment modalities
- Stable angina - update on medical treatment
- Treatment of STEMI in 2019
- Rheumatic fever - Current status
- Pulmonary embolism management
- Newer drugs and role in cardiac practice - NOAC, SGLT2 (i), ARNI

Interventional Cardiology

- CTO - Assessment to management
- Left main bifurcation - Various tricks and techniques
- Imaging (OCT/IVUS) in bifurcation/ACS
- Peripheral and Stroke Interventions
- Primary angioplasty
- TAVI - Basics, techniques, complication and management
- Mitral intervention
- Laser angioplasty and lithoplasty

Advisory Committee

Dr Abdul Khadar S
Dr Chacko K A
Dr George Jacob
Dr Jagan Mohan Tharakan
Dr Kunhali K
Dr Ramakrishna Pillai
Dr R J Manjuran
Dr Koshy Eapen
Dr D V Nair
Dr Raveendran K N
Dr Sugathan K
Dr Thomas Titus
Dr Ashokan Nambiar
Dr Kaimal N G
Dr Sahasranam K V
Dr Tennyson S
Dr Vijayaraghavan G
Dr George Eraly
Dr Bahuleyan C G
Dr Suresh K
Dr Joseph Joy

National PG Teaching Course Directors & Advisors

Dr Sudhayakumar N
Dr Ajit Kumar V K
